**Polaris Executes Management Contract for 6 New Hotels**  
**26% Increase in Hotel Rooms Under Management**

Polaris Holdings Co., Ltd. (hereinafter the "Company") announced today that "KOKO Hotels Co., Ltd." and "Fino Hotels Co., Ltd.", a subsidiary of Polaris Holdings, executed the definitive hotel management contract (hereinafter the "Hotel Management Contract") and will commence the management of the six hotels under Polaris Group's KOKO HOTEL brand. In addition, the Board of Directors resolved to enter into a Revenue Guarantee Contract (hereinafter the "Revenue Guarantee Contract") with affiliates of Star Asia Group, our sponsor group, to solidify minimum profitability related to the hotel operations of the six hotels. As a result of Polaris' strong growth initiatives, this transaction will increase its hotels under management by +26% to 31 hotels with 5,706 rooms.

Details are as follows:

**1. Conclusion of the Hotel Management Contract**

**(1) Background leading up to the Hotel Management Contract**

As stated in "Polaris to Operate 6 Additional Hotels" released on February 14, 2022, Polaris Group executed a Memorandum of Understanding regarding the Hotel Management and held discussions with Star Asia Group, the sponsor of Polaris Holdings, in anticipation of concluding a hotel management contract with respect to "Hotel Trusty Kanazawa Korinbo", "Hotel Trusty Shinsaibashi", "Hotel Trusty Nagoya Sakae", "Hotel Trusty Premier Kumamoto", "Hotel Trusty Premier Nihonbashi Hamacho" and "Hotel Trusty Kobe Kyukyoryuchi" (hereinafter referred to as the "Property Portfolio"). Polaris Group has now executed the definitive hotel management contract where Polaris Group will be the hotel operator for the Property Portfolio and will commence operations sequentially from the middle of June 2022.

**(2) Purpose of commencing operation of the property portfolio**

One of Polaris Group's strategic growth strategies is to increase the number of hotels managed under fee-based hotel management contracts, which contributes to lowering the break-even point as well as generating sustainable earnings. With the opening of the six new hotels, Polaris Group will have a total of 31 hotels with 5,706 rooms under management. This represents an increase of approximately 26% in the number of rooms under management, which we believe will

further accelerate the realization of the growth strategy that Polaris Group is aggressively pursuing.

The hotels that comprise the Property Portfolio are located in the center of major metropolitan areas including Tokyo, Osaka, and Nagoya, as well as major regional cities such as Kanazawa, Kumamoto, and Kobe. These hotels are in highly competitive locations and are well positioned in the markets they operate given the convenient locations for hotel guests to access to either top business or tourist attractions. With each hotel having an average of 200 rooms, Polaris has the ability to generate strong economies of scale by having highly efficient and profitable hotel management. This is expected to contribute to the realization of sustainable profit growth for Polaris Group.

Under the Revenue Guarantee Contract, the guarantee company will receive "Opening Preparation Funds" of 357 million yen from the Guarantor Company to KOKO Hotels or Fino Hotels as expenses such as outsourcing expenses related to opening preparations at the start of operation of each hotel, and the contract. It is stipulated that if the hotel sales in the hotel operation of the portfolio fall below the operating cost in each month of the period, a deposit to cover the operating cost and the management consignment fee will be paid.
